

AMY **REGGAE** HOUSE

MÍDIA **KIT** 2026

The Amy Reggaehouse project is one of the most remarkable tributes to the work of British singer Amy Winehouse, combining authenticity, identity, and musical innovation. Conceived in Salvador, Bahia, and led by singer, songwriter, and multi-instrumentalist Clariana, the tribute stands out for its powerful vocals and intense performances that captivate audiences wherever it goes.

Throughout its trajectory, the project has toured several Brazilian cities, such as Salvador, Rio de Janeiro, São Paulo, and Brasília, consolidating a solid fan base and achieving impressive numbers on digital platforms. Clariana's resemblance to Amy Winehouse, both aesthetically and musically, elevates the level of immersion in the show, providing a unique and emotional experience.

More than a tribute, Amy Reggaehouse is the result of in-depth musical research and a genuine artistic connection that respects the legacy of the British artist while proposing reinterpretations with its own identity, incorporating new sonic layers and contemporary influences.

BEST TRIBUTE IN THE WORLD

Amy Reggaehouse achieved international recognition by winning the "Best Tribute" award at The Winehouse Awards 2020, a global award ceremony promoted by Amy Winehouse's family and Tropicco Winehouse.

With participation from projects from various countries and open public voting, the tribute led by Clariana was crowned the best in the world, standing out for its artistic fidelity, originality, and excellence of performance. Recognition also came from musicians who were part of Amy's journey, such as Zalon Thompson and Robin Banerjee, further reinforcing the project's legitimacy and relevance on the international stage.

This milestone solidified Amy Reggaehouse as a global benchmark when it comes to honoring Amy Winehouse with respect, quality, and artistic personality.

THE TOWN

S ã O P A U L O

One of the highlights of the project's career was its performance at **The Town** on September 7, 2025, on the São Paulo Square stage.

On that occasion, Clariana shared the stage with the São Paulo Square Big Band, in a show that further elevated the grandeur of the tribute. The invitation represented not only recognition of the project's artistic relevance but also the consolidation of Amy Reggaehouse as the leading Amy Winehouse tribute act in Brazil and the world.

"I am very excited about the invitation. The 13-year-old Clariana, when she started playing the guitar, would never have dreamed of one day being on this stage. It is very rewarding to conquer new horizons and I am ready for it," says the artist.

The performance at the festival symbolized a new chapter in the project's trajectory, expanding its reach and strengthening its presence on the biggest stages in the country.

AUDIOVISUAL LIVE AT CASA DO COMÉRCIO

The iconic Amy Reggaehouse show received a special audiovisual recording with the “Live at Casa do Comércio” DVD, recorded at the Sesc Casa do Comércio Theater in Salvador.

On a historic night with a full house and sold-out tickets, Clariana delivered an emotional show, marking her reunion with the Salvador audience on one of the most important stages of her career. The performance featured a new format for the show, with unreleased reinterpretations, new arrangements, and an even more mature artistic approach.

“Returning with my project to where it all began is very exciting, even more so at Casa do Comércio,” the artist points out.

More than just a live recording, the DVD represents a moment of consecration for Amy Reggaehouse, translating into image and sound all the strength, emotion, and identity of a project that continues to expand its reach and conquer new audiences.
